LETTER OF RECCOMENDATION

My name is Tabita Anugerah Nur Cahyani, I am a Mathematics teacher at SMAK 1 PENABUR Jakarta. It is a pleasure of mine to write a recommendation letter for my student, Owen Valentinus. As his math teacher in 11th grade, I have witnessed Owen's impact on my class during and outside my lesson. Owen is willing to set aside his time to help others whenever he can. He will often be found after class helping his other friends about the topic that he understands well.

Owen was an active part of my classes, as he never hesitated to ask whenever he did not understand the lesson or to get a better understanding of the topics. He never let mistakes discourage his spirit but instead used them as a learning experience that would improve his abilities. Whenever tests were returned, he was quick to analyze his mistakes and make corrections. Moreover, Owen had a good grasp of what is taught in class, which he had shown during presentations. Furthermore, he was able to walk his friends through steps and give clear explanations.

Outside class, Owen appears to be always friendly to both teachers and his classmates, making him a well-liked student by many. I did not have a single complaint about his attitude during my time as his teacher. In addition to this, his hard work is reflected in his school "I-project" namely "Universal Downloader". He has the unwavering commitment, an iron will, and the right amount of motivation to finish what others wouldn't choose as a project, owing to the fact that he was unfamiliar with the project itself which required him to be able to program.

Owen is helpful, eager to learn, and determined in the classroom. I believe he will make his learning environment enjoyable for both students and teachers alike. With that being said, I am confident that he will perform well your program.

I highly recommend Owen for admission and wish him the very best in her future plans. I hope by being admitted to the university he has enrolled in, he can optimize her abilities, both in academic and non-academic studies.

Lastly, should you desire any further information regarding Owen Valentinus, please contact me at tabita.cahyani@bpkpenaburjakarta.or.id . +62 878-0406-7544.

Acknowledged by,

Sincerely yours,

Sylviana Chrisyan, S. E., M. M.
Principal of SMAK 1 PENABUR Jakarta
